The municipality has a high amount of outstanding debtors as at September 30, this shows that the municipality is not fully implementing its Credit Control and Debt Collection policy. The municipality had to change the accounting system from 1 July 2017 due to the old system not complying with MSCOA requirements. Municipality has been experiencing some teething challenges with the new system and which led to delays in migrating debtors statements into the new system and therefore causing delays in implementing credit control and debt collection policy.

Receipts of transfers and grants show no variances to each grant as at 30 of September 2021. The reason for this its because the National and Provincial Treasury have been consistent in transferring the grants due to Mthonjaneni Municipality on time as per the payment schedule for 2021/22. The municipality hope that the transferring authorities will not deviate from this practice throughout the financial year.
